CITY COUNCIL AGENDA MEMORANDUM

FEBRUARY 1, 2022 AGENDA

TO: Honorable Mayor and Members of the City Council

FROM: Stewart Cruz, City Planner

PREPARED BY: Cheri Schwab, City Clerk

SUBJECT: Ordinance 2022-04: Treasure Island Development Agreement - 2025 S. Atlantic Avenue, Fraile St/Armstrong Ave, etc.

SYNOPSIS:

Ordinance 2022-04, if adopted, would approve a Development Agreement ("Agreement") between the City of Daytona Beach Shores and 2025 South Atlantic Avenue, LLC to permit the redevelopment of the Treasure Island properties (**Exhibit A**) and the demolition of the existing structure at the 2025 S. Atlantic Avenue property pursuant to the 2025 South Atlantic Avenue, LLC – City of Daytona Beach Shores Stipulated Settlement Agreement approved by the City Council on August 17, 2021 (**Exhibit B**).

The Agreement is a land use contract that would, among other things, effectuate the Treasure Island Redevelopment Comprehensive Plan policies and the Stipulated Agreement land use entitlements and incentives providing for the land use and development flexibility that would foster the redevelopment of the Treasure Island properties. The existing Development Agreement approved in 2014 (**Exhibit C**) would be replaced and superseded by the proposed Agreement if approved.

The Agreement provides for a development containing 300 hotel units and 200 multifamily residential units. However, the development criteria in the Agreement provides a general development framework and as such, the final development product may vary from the development concepts attached in the Agreement. If the ordinance is adopted and Agreement approved, the applicant will subsequently submit detailed site development plans to the City for review. These site development plans will require public hearings for a recommendation and approval by the Planning and Zoning Board and the City Council, respectively.

Finally, the Agreement presents two timeline scenarios for redevelopment, i.e. duration of the Agreement: (a) Eight (8) years for building permit issuance and payment of permit fees for a hotel and multifamily residential development in a singular building on the combined Treasure Island and Sunny Shores parcels; or (b) Eight (8) years for building permit issuance and payment of permit fees for a hotel development on the Treasure Island parcel and fifteen (15) years to receive a certificate of occupancy for a multifamily residential development on the Sunny Shores parcel.

If approved, the Agreement will be recorded with the Clerk of Court and subsequently, the owner will

have 120 days to demolish the existing structure on the Treasure Island parcel. Staff is recommending approval of the ordinance and agreement as presented.

FISCAL IMPACT STATEMENT:

Dependent upon Council Action

BACKGROUND:

I. SUMMARY BACKGROUND

Ordinance 2022-04, if adopted, would approve a Development Agreement ("Agreement") between the City of Daytona Beach Shores and 2025 South Atlantic Avenue, LLC to permit the redevelopment of the Treasure Island properties (**Exhibit A**) and the demolition of the existing structure at the 2025 S. Atlantic Avenue property pursuant to the 2025 South Atlantic Avenue, LLC – City of Daytona Beach Shores Stipulated Settlement Agreement approved by the City Council on August 17, 2021 (**Exhibit B**). This will enable the owner/developer to redevelop the Treasure Island and Sunny Shores parcels with a development containing 300 hotel units and 200 residential units.

II. PROPERTY DESCRIPTION

The Treasure Island properties contain nine (9) parcels located on the east and west sides of the 2000 block of S. Atlantic Avenue and the corners of Fraile and Armstrong streets. The 2025 S. Atlantic Avenue parcel is currently occupied by an 11-storey abandoned shell structure, which formerly hosted the Treasure Island Hotel. All other properties are vacant but were once developed with tourism-related structures. Combined, the Treasure Island properties total approximately 4.89 upland acres and 1.58 acres east of the bulkheadline.

III. PROPOSED AMMENDMENT

The highlights of the proposed Agreement (**Exhibit D**) are:

1. Demolition of the Existing Structure: The existing structure will be demolished within 120 days after the execution and recordation of this agreement. Monies will be set in an escrow account equal to the cost needed to complete demolition should demolition not commence by day 60 or should demolition remain incomplete at day 120.
2. Property Preparation and Maintenance: The site will have to be adequately restored and maintained subsequent to demolition in order to ensure the property is safe and aesthetic.
3. Development Permitted: The Agreement provides a general development framework that would facilitate the redevelopment of the east side parcels with 300 hotel units and 200 multifamily residential units. The final site plan and development may vary provided the plans remain in substantial compliance with the framework. Any substantial changes will require City Council approval.
4. Deviations Granted: To realize number 3 above, seven deviations from the City's Land Development Code are granted.
5. Agreement Duration: Two scenario options: (a) Eight (8) years for building permit issuance and payment of permit fees for a hotel and multifamily residential development in a singular building on the combined Treasure Island and Sunny Shores parcels; or (b) Eight (8) years for building permit issuance and payment of permit fees for a hotel development on the Treasure

Island parcel and fifteen (15) years to receive a certificate of occupancy for a multifamily residential development on the Sunny Shores parcel.

 - i. In the event that the Entitlement Standards outlined herein are not approved, or approved with conditions that are not acceptable to the City and the Property Owner, by both DEO and VGMC, the Property Owner retains the right to move forward with restoration of the existing structure on the Subject Property. Such restoration shall commence within forty-five (45) days following denial of the Entitlement Standards by either body, or approval with conditions that are not acceptable to the City and the Property Owner, and such timeline shall be extended by the time frame needed for the City to issue a building permit authorizing completion of the restoration work for the same.

- 2. Should the Property Owner elect to demolish the existing structure on the Subject Property within one hundred and twenty (120) days of the VGMC and DEO's rendering, the existing entitlements of the Vesting Agreement and Development Agreement shall continue to inure to the benefit of the Property Owner. Entitlement standards not impacted by the VGMC and DEO's rendering and incentive approaches in this agreement shall inure to the benefit of the Property Owner.

- ii. However, in the event that the Entitlement Standards set forth herein are approved, or approved with conditions acceptable to City and Property Owner, by both DEO and VGMC, this section of the Agreement shall be deemed moot and the Property Owner will move forward with demolition of the existing structure in accordance with Section 4.c. herein.
 - iii. Property Owner shall initiate a Development Agreement application at least thirty (30) days prior to final approval of the Entitlement Standards and Incentive Approaches outlined herein, or within fifteen (15) days of receiving comments from the DEO and VGMC, whichever comes first.

5. Entitlement Standards. In order to facilitate redevelopment of the Subject Property, along with the Sunny Shores Parcel, West A1A Parcel, and the Fraile Street Parcel (collectively, the "Development"), the City agrees to grant or facilitate the following entitlements for the Development (the "Entitlement Standards"):

- a. The City shall permit a maximum of three hundred (300) hotel units and two hundred (200) multifamily residential units within the Development. It is Property Owner's intent that the Subject Property be developed for a hotel use, and the Sunny Shores Parcel be developed for a multifamily use. However, the City and Property Owner

agree that such development rights may be located on either the Subject Property or the Sunny Shores Parcel, or any combination thereof, provided the dimensional standards set forth in this Agreement are met.

- b. The Property Owner shall initiate, process, and the City will support, waive application fees, and ultimately adopt a Large Scale Comprehensive Plan Amendment to create a “Redevelopment Overlay”, which is intended to act as a redevelopment based overlay that will provide additional flexibility in the redevelopment of certain properties within the City.
 - i. The purpose of the Redevelopment Overlay shall be to allow for convenient and flexible special character district that authorizes horizontal and vertical mixed-use development within an area of existing development where the comprehensive redevelopment of a blighted parcel of land is envisioned. Development on land designated by the Redevelopment Overlay is intended to feature high quality architecture and well-designed urban form that promotes pedestrian activity, reduces transportation impacts, and creates a balance of land uses.
 - ii. Within the Redevelopment Overlay, development rights associated with a parcel of land may be transferred from the existing parcel to another parcel of land within the Redevelopment Overlay, subject to the requirements set forth herein. In order to transfer development rights associated with a parcel, the owner of the “sending” parcel and the owner of the “receiving” parcel must enter into a written agreement evidencing such transfer, which shall act to restrict development within the sending parcel to the extent of the transfer. Such Agreement shall be approved by resolution of the City Council of the City of Daytona Beach Shores and recorded in the Public Records of Volusia County and will constitute a restriction on future development of the sending parcel.
 - iii. Properties located within the Redevelopment Overlay shall be permitted a density bonus of 25% for redevelopment projects that are enrolled in the City’s Alternative Tax Relief program, provided that the total combined density (including residential and hotel density) associated with a redevelopment project does not exceed five hundred (500) units within the Development.
 - iv. Prior to or concurrent with the processing of the Redevelopment Overlay, the City shall adopt a Private Property Rights Element of the Comprehensive Plan, whose form shall be generally in accordance with the proposed language set forth in Exhibit B, attached hereto.
- c. The City shall expedite review of all applicable entitlement applications to facilitate redevelopment of the site under this Agreement. The City also agrees to provide assistance, which will generally include providing documents and technical support as requested, and support any applicable approvals required from adjacent local governments and state or federal agencies with jurisdiction over the property,

including but not limited to vesting of impacts from the existing and historic structures on the property.

- d. Development of the property shall be in accordance with the City's Land Development Code, except as modified herein. The following use and dimensional standards shall be memorialized in a statutory development agreement encompassing the Subject Property, Sunny Shores Parcel, West A1A Parcel, and the Fraile Street Parcel:

- i. Allowable Uses: Hotel, Multifamily Residential, Supporting commercial and retail uses. The Fraile Street Parcel may be used for overflow parking for the above uses through the use of a gravel parking area. In the event the Fraile Street Parcel is used to meet minimum parking standards, such parking area shall meet City standards, to include buffering.
- ii. Maximum Density/Intensity: Subject Property - 300 hotel units, Sunny Shores Property - 200 multifamily residential dwelling units, and 20,000 square feet of retail/commercial uses.
- iii. Maximum building height: Subject Property and Sunny Shores Property - 23 stories
- iv. Minimum setbacks: Front 30; Rear (Oceanfront) 50; Interior Side Setback 20 ft. Subject Property, 25 ft. Sunny Shores Parcel; Exterior Side Setback 20 ft. Subject Property, 15 ft. Sunny Shores Parcel;
- v. The Development shall meet the standards for installation of a breezeway, as set forth in the LDC, except as modified herein. The development shall meet 60% of the breezeway/visual corridor length required under the LDC.
- vi. Connectivity: the City shall facilitate installation of a pedestrian crosswalk to promote access between remote parking on the west side of A1A and the Subject Property. This shall be in an amount not to exceed \$150,000. Construction of said crosswalk is dependent upon FDOT approval and/or any other approval authority.
- vii. Development within the Subject Property may include the redevelopment of the existing pool at its current location as a part of the proposed hotel development.

6. Incentive Approaches. In recognition of the public benefits associated with the proposed redevelopment of the property, the City has agreed to enter into any necessary agreements to provide the following financial incentives and cost offsets for the Development (the "Incentive Approaches"):

- a. The City shall grant impact fee reductions for sewer capacity for the vested 227 hotel units located on the site, and any vested credits that exist by right for the Sunny Shores Parcel, West A1A Parcel, and the Fraile Street Parcel. Any reductions will only apply to the City's fees, and not any fees required by other jurisdictions.
- b. The City shall coordinate with the Property Owner on installation of a pedestrian cross-walk from the parking area to the proposed development. This shall be in an amount not to exceed \$150,000. Construction of said crosswalk is dependent upon FDOT approval and/or any other approval authority. If FDOT or any other non-City

approval authority does not approve said crosswalk, the City's obligation to install the crosswalk is nullified without effecting the remainder of the agreement.

- c. The City agrees to fully waive any existing code enforcement lien(s) or fine(s) (specifically, case numbers CDEF 2019-65 and PCDEF 2019-66) assessed against the property upon the Subject Property coming into compliance with the standards set forth in the Land Development Code. For the purposes of this Agreement, compliance may be met by (1) complete demolition of the existing structure, removal of all foundations and concrete structures within the Subject Property, and returning the site to natural grade, or (2) complete reconstruction of said property and issuance of a certificate of completion if the project is completed prior to expiration. This section does not limit future code enforcement actions in any way and does not apply to code enforcement liens or fines other than for the two cases specifically identified.
- d. The City shall enroll the parcels comprising the Development in the Alternative Tax Relief Program, subject to the following relief standards:
 - i. The Property Owner shall be entitled to 100% of the tax increment created by the redevelopment for an initial term of five years;
 - ii. The Property Owner shall be entitled to 75% of the tax increment created by the redevelopment for the five years following item (i) herein;
 - iii. The Property Owner shall be entitled to 50% of the tax increment created by the redevelopment for the five years following item (ii) herein; and
 - iv. Any parcel or unit sold or conveyed by current property owner is removed from the tax increment calculation during the effective tax year of the conveyance of the parcel or unit.
 - v. The tax increment is paid only on said portion of the actual City ad valorem taxes paid and is not paid to the property owner until such time as the City is in receipt of the funds from the tax collector.

7. City's Police Power. Nothing contained in this Agreement will be construed as a waiver of, or contract, with respect to the regulatory and permitting authority of the City under applicable laws, rules, and regulations, including with respect to zoning and permitting. Further, nothing contained in this Agreement will be construed as a waiver by the City of its sovereign immunity under the constitution and laws of the State of Florida.

8. Force Majeure Event. In the event that fire, riots or civil commotion, acts of government or government immobility (whether federal, state, or local), war, acts of God, or contingencies beyond the reasonable control of a party (hereinafter, "force majeure event") interfere with or prevent the fulfillment by such party of its obligations hereunder, such obligations will be suspended until such time as such contingency or contingencies have terminated. Each party will promptly notify the other upon becoming aware that any such contingency or contingencies have occurred or are likely to occur and will use its best efforts to minimize any resulting delay in or interference with the performance of its obligations hereunder.

10. Default. In the event that either party breaches any obligation under this Agreement, and such breach is not cured within thirty (30) days of notice of such breach (the "Cure Period"), either party may without further additional notice terminate this Agreement and pursue all rights such party may have in law or in equity, provided that to the extent that any breach is not susceptible to cure within such 30-day period, then the cure period shall be extended by up to an additional sixty (60) days, provided that the breaching party commences steps to cure such breach within the initial thirty (30) day period and diligently pursues such efforts to the completion thereof.

Any and all prior agreements between the parties with respect to any subject comprehended by this Agreement are hereby voided and superseded by this Agreement. Both parties have participated equally in the drafting and preparation of this Agreement.

12. Venue and Severability. **TREASURE ISLAND RESORT FLORIDA, LLC./CITY OF DAYTONA BEACH
SHORES DEVELOPMENT AGREEMENT PERTAINING TO RE-
DEVELOPMENT OF TREASURE ISLAND PROPERTY**

THIS DEVELOPMENT AGREEMENT is made and entered into on the Effective Date described below, between **TREASURE ISLAND RESORT FLORIDA, LLC**, a Delaware Limited Liability Company, whose address is C/O Mark Watts; Cobb & Cole; 351 East New York Avenue; Suite 200; DeLand, Florida 32724, the legal and equitable owner, hereinafter referred to as the "PROPERTY OWNER", and the **CITY OF DAYTONA BEACH SHORES, FLORIDA**, a municipal corporation of the State of Florida, (the "Landlord"), holding tax exempt status, whose mailing address is 2990 South Atlantic Avenue, Daytona Beach Shores, Florida 32118, hereinafter referred to as "CITY".

WITNESSETH:

WHEREAS, the PROPERTY OWNER is the owner of real property located in Daytona Beach Shores (Exhibit A) (referred to from time to time as the "premises" in this Development Agreement and which is the subject of the site plan and architectural plans referenced herein); and

WHEREAS, the PROPERTY OWNER and the CITY have a great interest in developing and re-developing an active and vibrant site, specifically, and to

benefit economy and well-being of the CITY as a general matter; and

WHEREAS, the CITY desires to provide economic and other benefits to the citizens of the City in order that they may enjoy a high quality of life with convenient services; and

WHEREAS, Section 163.3202, *Florida Statutes*, provides that the CITY shall adopt and enforce land development regulations for the purpose of implementing its comprehensive plan and protecting the public health, safety, and general welfare; and

WHEREAS, pursuant to the Florida Local Government Development Agreement Act as set forth at Sections 163.3220 through 163.3243, *Florida Statutes*, local governments are authorized to adopt, by ordinance, procedures and requirements whereby a local government may consider and enter into a development agreement with any person having a legal or equitable interest in real property located within the local government's jurisdiction and the CITY enacted Ordinance 2013-10 to implement the provisions of the referenced statutory provisions; and

WHEREAS, the lack of certainty in the approval of development can result in a waste of economic and land resources; discourage sound capital improvement planning and financing; escalate the cost of housing and development; and discourage commitment to comprehensive planning and the CITY and the PROPERTY OWNER desire to engage in sound and long range planning with regard to the premises in a manner that protects the investment backed expectations and rights of the PROPERTY OWNER while providing for

an array of benefits to the citizens of the CITY; and

WHEREAS, development agreements entered into pursuant to the Florida Local Government Development Agreement Act, strengthen the public planning process, encourage sound capital improvement, planning and financing; assist in assuring that there are adequate capital facilities to support development; encourage private participation in comprehensive planning; and reduce the economic cost of a development by providing assurances to a developer that, upon receipt of a development permit, the developer may proceed in accordance with existing laws and policies, subject to the conditions of a development agreement; and

WHEREAS, development agreements are contracts negotiated between project proponents and public agencies that govern the land uses that may be allowed in a particular project and, although subject to negotiation, allowable land uses must be consistent with the local planning policies formulated by the legislative body (the CITY's City Council) through its general plan, and consistent with any applicable specific plan; and

WHEREAS, neither the PROPERTY OWNER nor the CITY, as the local government with land use regulatory authority over lands located within the CITY, is required to enter into a development agreement and, when entered, the allowable land uses and other terms and conditions of approval are negotiated between the parties, subject to the CITY's ultimate approval, but while a development agreement must advance the CITY's local planning policies, it may also contain provisions that vary from otherwise applicable zoning standards and

land use requirements; and

WHEREAS, development agreements are, essentially, a planning tool that allows public agencies greater latitude to advance local planning policies, sometimes in new and creative ways and, as such, development agreements may be viewed as an alternative to the traditional development approval process which, in practice, it is commonly used in conjunction with; and

WHEREAS, the City Council of the CITY finds it is in the best interest and welfare of the citizens of the CITY to approve this Development Agreement with the terms and conditions set forth herein; and

WHEREAS, the City Council of the CITY has determined that the terms and conditions of this Development Agreement are in the best interests of the public health, safety and welfare of the citizens of the CITY and provide for specific public benefits; and

WHEREAS, the City Council of the CITY hereby finds and concludes that the provisions of this Development Agreement are consistent with the CITY's Comprehensive Plan and will result in the provision of enhanced economic development within the City and is consistent with the general purpose and intent of the land development regulations of the CITY and no amendments are required to the CITY's Comprehensive Plan or land development regulations in order to approve the development set forth in this Development Agreement; and

WHEREAS, the City of Daytona Beach Shores has complied with all requirements and procedures of Florida law in processing and advertising this Development Agreement; and

WHEREAS, this Development Agreement is consistent with the goals, objectives and policies of the Comprehensive Plan of the City Daytona Beach Shores.

NOW, THEREFORE, in consideration of the foregoing, and the premises and the promises, covenants and agreements herein contained, and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the parties the PROPERTY OWNER and CITY agree as follows:

SECTION 1. RECITALS/FINDINGS.

(a). The recitals, set forth above, are true and correct and form a material part of this Development Agreement upon which the parties have relied.

(b). The findings, set forth above, are, and constitute, the administrative and quasi-judicial findings of the City Council of the CITY and form a material part of this Development Agreement upon which the parties have relied.

SECTION 2. PREMISES.

(a). The PROPERTY OWNER hereby designates, and the CITY hereby accepts, the following described tract of real property as the legal description for the premises for the purposes of this Development Agreement:

(LEGAL DESCRIPTION) – See attached “ Exhibit “B” to this Development Agreement.

(b). The legal entity having legal or equitable ownership of the premises is the PROPERTY OWNER.

SECTION 3. TERMS AND CONDITIONS RELATIVE TO THE PREMISES.

(a). PROPERTY OWNER has provided the CITY with a structural engineering analysis of the existing conditions present on the premises and shall provide a visual inspection update to said report in writing annually on or before the 1st of April of each year which report shall include an inspection by the structural engineer referenced herein. The provided analysis demonstrates that the existing structure is of such condition that it may remain in place, with the implementation and completion of ongoing efforts as detailed herein or as additionally deemed necessary by the PROPERTY OWNER or the CITY, pending redevelopment. The PROPERTY OWNER shall have a continuing obligation to maintain the premises and shall continually put forth its best efforts in doing so.

(b). In order to assist the redevelopment of the premises, to the extent consistent with its jurisdictional authority as a local governing body of a municipality, the CITY agrees to consider public private partnerships or other possible economic development incentives to encourage redevelopment of the premises. The specific nature and scope of any such incentives will be determined through potential subsequent discussion and agreements between the PROPERTY OWNER, CITY and potential third party development partners as may be enacted by the City Council or otherwise approved by the City Council in the course of its actions as the governing body of the City of Daytona Beach Shores. The PROPERTY OWNER agrees to cooperate with the CITY with

regard to the promotion of the CITY as a tourist destination and to benefit the CITY economically.

(c). PROPERTY OWNER agrees that it will diligently pursue and ensure, insofar as possible, that all potential windborne debris within the existing structure or located upon the premises will be removed. The PROPERTY OWNER agrees that such items include all loose materials and materials that could be wind borne in the event of a storm event as well as any systems that are not structurally sound when other systems of the building are removed as determined by a licensed and qualified engineer, and specifically includes those items as described in a memorandum of understanding between the PROPERTY OWNER and the CITY by Fred Hiatt, Senior Building Official, as attached hereto as Exhibit C, with the goal of bringing the building to a concrete shell status. The PROPERTY OWNER shall apply for a demolition permit relating to such work within seven (7) days of the Effective Date of this Agreement and such debris shall be removed within ninety (90) calendar days from the date of the issuance of a demolition permit from the City the application for which permit is attached hereto as an exhibit.

(d). Contingent upon the PROPERTY OWNER's compliance with the terms of this Agreement, as approved by the CITY, the CITY agrees to waive all permit fees associated with demolition permits (but not redevelopment or renovation fees) required for removal of windborne debris or other permits associated with paragraph c. above.

(e.) The PROPERTY OWNER agrees that the PROPERTY OWNER shall exercise diligent efforts to maintain and keep the premises secure and has a continuing obligation to maintain the premises and to keep the premises secure by installing and maintaining perimeter fencing around the premises and securing the first two floors of the premises pending redevelopment, including the removal of the stairs to the 2nd floor near the main building entrance on the west side of the building and block-in filling of both openings to the remaining stairs located at the north and south ends of the building. Further, the PROPERTY OWNER agrees to cover and secure the existing pools and spas and remove, within ninety (90) calendar days from the Effective Date or the issuance of a demolition permit from the CITY, whichever is later, all ancillary and accessory structures on premises not previously removed.

(f). The parties agree that, pending redevelopment, if the premises is defaced with graffiti or otherwise, either the PROPERTY OWNER or the CITY may remedy same at the cost of the PROPERTY OWNER of the Property. The CITY shall give notice to legal counsel for the PROPERTY OWNER if the premises are defaced with graffiti or otherwise, and of the CITY's intent to rectify the issue, prior to conducting any related work thereon. The parties agree that if the PROPERTY OWNER does not rectify such issue(s) within fifteen (15) calendar days of the CITY's notice thereof, the CITY may remedy same at the cost of the PROPERTY OWNER of the premises.

(g). The parties agree that the PROPERTY OWNER shall provide the CITY with monthly written updates as to the progress of work completed upon

the premises. The parties agree that the PROPERTY OWNER shall update the CITY as to progress by emailing an update to the Building Official of the City, Mr. Fred Hiatt, as requested by the CITY, but no more than once per month. The PROPERTY OWNER, further, agrees to provide the CITY with monthly updates as to potential development and redevelopment negotiations and opportunities pertaining to the premises subject, however, to confidentiality, and similar, agreements to which the PROPERTY OWNER may be bound.

(h). The PROPERTY OWNER currently holds title to adjacent property known as the "Sunny Shores" Parcel and another parcel located on the west side of State Road A1A. In order to encourage the development of a unified plan to redevelop the properties, the CITY and the PROPERTY OWNER agree as follows: In addition to the vested hotel density for the existing Treasure Island and Sunny Shore's parcels, additional hotel density may be developed at a rate of 70 units per acre, and 60 units per acre for residential condominium development, for the area included in an extension of the parcels identified by Volusia County Parcel Identification numbers 5316-18-00-0010, 5316-18-00-0090 and 5316-18-00-0110, due east from the seawall or bulkhead line to the mean high water line of the Atlantic Ocean.

(i). Impact fees and other funding requirements for the project on the premises are as established by controlling law and shall be met in the normative course and processes of development.

(j). All development permits normatively needed to be approved for the development of the premises shall be subject to the review and approval

processes during the course of the development of the premises; provided, however, that, it is noted that no Comprehensive Plan amendments or changes in land use designations or changes in zoning classifications/districts assigned to property are necessitated by the development approved for the premises nor any required submissions to or approvals from Volusia County; the State of Florida, Departments of Economic Opportunity, Environmental Protection, Transportation, or such other department or agency of the State as may be applicable; the United States Army Corps of Engineers; the St. Johns River Water Management District; the United States Environmental Protection Agency or any other federal departments or agencies with competent jurisdiction over any aspect of the approved development, but such requirements are not precluded by this Development Agreement.

(k). The failure of this Development Agreement to address a particular permit, condition, term or restriction shall not relieve the PROPERTY OWNER of the necessity of complying with the laws governing said permitting requirements, conditions, terms or restrictions.

SECTION 4. REASONABLE APPROVAL.

In those instances in this Development Agreement in which a party's approval, consent or satisfaction is required, then it shall be implied that such action shall be exercised in a reasonable manner and within a reasonable time frame.

provided, however, that the parties agree to provide for positive dialogue and communications if disputes or disagreements arise as to the interpretation or implementation of this Development Agreement.

Each party hereto represents to the other that it has undertaken all necessary actions to execute this Development Agreement, and that it has the legal authority to enter into this Development Agreement and to undertake all obligations imposed on it. The signatories hereof represent that they have the requisite and legal authority to execute this Development Agreement and bind the respective parties herein.

(b). This Development Agreement touches and concerns the premises and shall run with the land and shall be binding upon and inure to the benefit and burden of the parties hereto and their respective successors and assigns.

SECTION 10. EXHIBITS.

All exhibits to this Development Agreement are hereby incorporated into this Development Agreement by this reference thereto.

SECTION 18. ENTIRE DEVELOPMENT AGREEMENT/MODIFICATION.

(a). This Development Agreement constitutes the complete, integrated and entire agreement between the parties with respect to the subject matter hereof, and supersedes all prior agreements, arrangements, contracts or understandings, whether oral or written, between the parties relating thereto, all of which have been integrated herein. This Development Agreement may not be amended, changed, or modified and material provisions hereunder may not be waived, except by a written document, of equal dignity herewith and signed by all

parties to this Development Agreement.

This Development Agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest; provided, however, that a substantial modification of this Development Agreement shall, in the City's sole discretion, require approval by the City Council in accordance with the procedures set forth in Chapter 15, Appendix "G", *Land Development Code, Code of Ordinances of the City of Daytona Beach Shores*.

(d). SECTION 19. THIRD PARTY BENEFICIARIES/TRANSFERABILITY.

(a). The CITY shall not be liable to any person, firm or corporation who

contracts with or provides goods or services to the PROPERTY OWNER in connection with services provided by the PROPERTY OWNER to the CITY; and there is no contractual relationship, either expressed or implied, between the CITY and any other person, firm, or corporation supplying any work, labor, services, goods or materials to the PROPERTY OWNER as a result of its services to the CITY hereunder. This Development Agreement is solely for the benefit of the formal parties to this Development Agreement, and no right or cause of action shall accrue by reason hereof to or for the benefit of any other third party not a formal party hereto. Nothing in this Development Agreement, expressed or implied, is intended or shall be construed to confer upon or give any person or entity any right, remedy or claim under or by reason of this Development Agreement or any provisions or conditions hereof, other than the parties hereto and their respective representatives, successors and assigns as set forth herein.

(b). This Development Agreement is transferable. However, so long as the land or structure or any portion thereof covered under the development agreement continues to be used for the purposes for which it was issued, then no person (including successors and assigns of the person(s) or entity(ies) who obtained the development agreement) may make use of the land except in accordance with the conditions and requirements of this Development Agreement. The provisions of this Development Agreement run with and burden the real property to which it relates until release or amended in accordance with formal action of the City.

SECTION 20. ATTORNEYS FEES AND COSTS.

In the event of any action to enforce the terms of this Development Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, paralegals' fees, and costs incurred, whether the same be incurred in pre-litigation negotiation, litigation at the trial level, or upon appeal.

SECTION 21. SEVERABILITY.

If any one or more of the covenants or provisions of this Development Agreement shall be held to be contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall, for any reason whatsoever, be held invalid, then such covenants or provisions shall be null and void, shall be deemed separable from the remaining covenants or provisions of this Development Agreement, and shall, in no way, affect the validity of the remaining covenants or provisions of this Development Agreement.

SECTION 22. EFFECTIVE DATE/TERMINATION: PERIODIC REVIEW OF DEVELOPMENT AGREEMENT.

(a). This Development Agreement shall take effect on the date that this Development Agreement is fully executed by the parties and is recorded in the Official Records (Land Records) of Volusia County, Florida.

(b). This Development Agreement shall be in effect for a period of ten (10) years, but may be extended by mutual consent of the CITY and the PROPERTY OWNER in accordance with the controlling provisions of law. Any request for an extension shall be subject to the public hearing process necessary

for the initial approval of said Development Agreement; provided, however, that the City has concluded that the vested rights of the PROPERTY OWNER and the investment backed expectations of the PROPERTY OWNER warrant a renewal and continuation of the development approved for the premises herein consistent with the agreements between the parties and contingent upon the condition of the Subject Property.

(c). Prior to the completion of the project and at the issuance of a certificate of completion by the City, the City shall review this Development Agreement as well as at least once every twelve (12) months to determine if there has been demonstrated good faith compliance with the terms of the Development Agreement.

SECTION 23. COUNTERPARTS.

This Development Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same document.

WHEREAS, the PROPERTY OWNER and the CITY wish to amend and restate said Development Agreement to incorporate additional property and clarify allowable development for the Property; and

WHEREAS, the PROPERTY OWNER and the CITY have a great interest in the development of the property in accordance with the CITY’s comprehensive plan, official zoning map and *Land Development Code* to allow for a resort-focused development; and

WHEREAS, the CITY desires to provide for the orderly development of land within the

CITY in order to maintain a high quality of life for residents and businesses; and

WHEREAS, Section 163.3202, *Florida Statutes*, provides that the CITY shall adopt and enforce land development regulations for the purpose of implementing its comprehensive plan and protecting the public health, safety, and general welfare; and

WHEREAS, pursuant to the *Florida Local Government Development Agreement Act* as set forth at Sections 163.3220 through 163.3243, *Florida Statutes*, local governments are authorized to adopt, by ordinance, procedures and requirements whereby a local government may consider and enter into a development agreement with any person having a legal or equitable interest in real property located within the local government's jurisdiction and the CITY enacted Ordinance 2013-10, codified as Chapter 15, *Land Development Code*, to implement the provisions of the referenced statutory provisions; and

WHEREAS, neither the PROPERTY OWNER nor the CITY, as the local government with land use regulatory authority over lands located within the CITY, is required to enter into a development agreement and, when entered, the allowable land uses and other terms and conditions of approval are negotiated between the parties, subject to the CITY's ultimate approval, but while a development agreement must advance the CITY's local planning policies, it may also contain provisions that vary from otherwise applicable zoning standards and land use requirements; and

WHEREAS, development agreements are, essentially, a planning tool that allows public agencies greater latitude to advance local planning policies, sometimes in new and creative ways and, as such, development agreements may be viewed as an alternative to the traditional

development approval process which, in practice, it is commonly used in conjunction with; and

WHEREAS, the City Council of the CITY finds it is in the best interest and welfare of the citizens of the CITY to approve this Development Agreement with the terms and conditions set forth herein; and

WHEREAS, the City Council of the CITY has determined that the terms and conditions of this Development Agreement are in the best interests of the public health, safety and welfare of the citizens of the CITY and provide for specific public benefits; and

SECTION 4. PUBLIC BENEFITS.

Numerous public benefits derive from the terms and conditions of this Development Agreement, to include:

a) The development of the Property as set forth in this Development Agreement shall provide for additional recreational opportunities for visitors to Daytona Beach Shores that will result in greater tax revenue to the City. The development will allow for the redevelopment and beautification of a currently unused property and will create a new destination center for dining, entertainment, and lodging within the City.

b) The development allows for the demolition and redevelopment of an outmoded and inefficient existing hotel on the property, which meets Objective 1-1.2 of the CITY's Comprehensive Plan. The new development will allow for a hotel that allows for commercial opportunities through the use of interior dining and entertainment facilities.

c) In addition, the proposed redevelopment of the Property is consistent with several of the Goals, Policies and Objectives of the Comprehensive Plan, as outlined below. This amendment will allow development of the property to allow for additional residential and lodging uses within a growing sector of the City.

GOAL 1-1: Effectively manage future development by designating appropriate areas for new growth that does not compromise environmental integrity, is responsive to market needs and is consistent with sound land planning practices.

Finding: The proposed overlay allows for flexibility in development for properties located in appropriate areas for urban development. The proposed overlay will direct additional growth to areas that have already faced development and will lessen impacts on environmentally sensitive areas.

Objective 1-1.2: Future redevelopment activities shall take the form of replacing the outmoded and inefficient existing hotels and motels that were built in the 1950s and early 1960s. These uses are found primarily on the east side of S.R. A1A, north of Florida Shores Boulevard to the City limits at the north end, and south of Van Avenue to the south City limits ending at the Wilbur-by-the-Sea area. These redevelopment activities shall be consistent with the goals, objectives, and policies set forth in this Element

Finding: The proposed overlay is connected with the potential redevelopment of the Treasure Island Resort, a historic hotel that has been vacant for an extended time and additional surrounding areas that have remained underutilized.

Policy 1-2.1.1: The City shall encourage an urban design pattern in redevelopment areas, where appropriate, that will minimize travel requirements among living, working, shopping and recreation areas.

Finding: The proposed overlay is connected with the potential redevelopment of a hotel and multifamily development that will allow for both tourists and residents to be located within close proximity to existing retail and commercial areas.

GOAL 3-1: Provide a variety of adequate housing for all present and future residents of the City of Daytona Beach Shores through cost efficient objectives, while promoting individual self-sufficiency.

Finding: The proposed overlay is connected with the potential development of a multifamily development that will allow for additional residential opportunities within this sector of the City.

c) The City shall grant impact fee reductions for sewer capacity for the vested 227 hotel units located on the site, and any vested credits that exist by right for the Sunny Shores Parcel, West A1A Parcel, and the Fraile Street Parcel. Any reductions will only apply to the City's fees, and not any fees required by other jurisdictions, as outlined in that certain Stipulated Settlement Agreement between the parties, dated August 23, 2021.

Certificate of Vesting

REVISED 6-9-14

TREASURE ISLAND RESORT FLORIDA, LLC CERTIFICATE OF VESTING

A. INTRODUCTION:

Mark A. Watts, Esquire, requested, on behalf of Treasure Island Resort Florida, LLC (RAIT), a certificate of vesting to the City of Daytona Beach Shores which request was heard by and before the City of Daytona Beach Shores City Council in Daytona Beach Shores, Florida, on Aug 12, 2014. Said request relates to the matters set forth below and requested determinations, findings and adjudication relative to the matters set forth below.

The decision set forth herein may be appealed pursuant to the controlling provisions of Florida law within the time limits established therein.

B. FINDINGS OF FACT:

The legal description of the land subject to this Certificate of Vesting, herein referred to as the "Subject Property", is attached hereto and incorporated herein as Exhibit "A", which has street addresses of 2025 S. Atlantic Avenue, Daytona Beach Shores, Florida and 2038 S. Atlantic Avenue, Daytona Beach Shores, Florida.

C. CONCLUSIONS OF LAW:

(1). RAIT requests that certain matters relating to the development of the Subject Property be considered vested with regard to the Subject Property. RAIT has asserted that it has a preexisting vested right to commence, maintain, and complete a specific level, type, nature, density, intensity or other form of development. RAIT asserts that it has investment-backed expectations that would be inequitably lost if a vested rights determination was not made in the affirmative relative to its application which is addressed herein. That is, RAIT has asserted that it has expended substantial

sums of money which cannot be recovered by RAIT, or that RAIT engaged in an irreversible and substantial change of position that would impose on RAIT an obligation to expend sums of money in the future. RAIT contends that these results would be inequitable and unjust.

(2). In the course of determining whether to approve vested status with regard to the Project, the factors required by controlling law have been considered.

(3). It was RAIT's burden, in seeking a vested rights determination, to demonstrate an entitlement to a vested right status as to any matter.

(4). The fact that the Subject Property has been assigned or is assigned in a particular zoning district under the land development regulations or *Comprehensive Plan* land use classification or any prior City Comprehensive Plan or zoning ordinance of the City, shall not, in and of itself, establish that RAIT's right to commence, maintain, and complete construction of a specific level, type, nature, density, intensity or other form of development has been vested.

(5). In essence the question presented relative to the request under review is whether it would be inequitable and unjust to destroy the right of RAIT to commence, maintain, and complete a specific level, type, nature, density, intensity, or other form of development upon all or a portion of the Subject Property.

(6). RAIT has expressly agreed to be bound by and subject to the development conditions and commitments stated herein and has covenanted and agreed to have such conditions and commitments to run with, follow and perpetually burden the aforescribed Subject Property.

D. CONDITIONS IMPOSED:

(1). In order to have the benefits of this Certificate continue to inure to the

benefit of RAIT, RAIT must attain approval of a building permit for over fifty percent (50%) of the development approved for the Subject Property within seven (7) years from the date this Certificate is issued.

(2). In order to have the benefits of this Certificate continue to inure to the benefit of RAIT, RAIT must attain approval of a certificate of occupancy for over fifty percent for over fifty percent (50%) of the development approved for the Subject Property within ten (10) years from the date this Certificate is issued.

(3). The burdens of this Certificate shall be binding upon, and the benefits of this Certificate shall inure to, all successors in interest to RAIT.

E. ORDER:

NOW, THEREFORE, IT IS ORDERED THAT:

A. The request for a certificate of vesting determination is hereby **GRANTED** to the extent set forth herein and no further vesting has been found to be warranted as to the Subject Property.

B. All existing non-conformities, including specifically the hereinafter, are hereby recognized as vested by the City.

C. *Permitted Principal and Accessory Structures and Uses:* Nothing provided by this Certificate shall modify the uses permitted on the Subject Property, which shall include hotel, multifamily residential and customary accessory uses including but not be limited to, restaurants, bars, conference and convention space, pool side structures and related resort amenities. The underlying zoning regulations shall govern the uses permitted by right.

D. *Overall Density:* The existing structure contains 227 hotel units on

approximately 2.49 acres, a density of approximately 91 units per acre. RAIT may modify the size and layout of the existing units within the existing structure, but shall not exceed the total number of 227 hotel units previously operated on the Subject Property.

E. *Parking:* All parties recognize that the Subject Property's prior parking was insufficient under the City's current standards. RAIT shall provide additional surface parking within the Subject Property, but shall not be required to provide covered parking or a new parking structure to accommodate the number of parking spaces required by the City's current standards for hotel occupancy. A total of 228 surface parking spaces shall be provided and may be provided by off-site parking located within 200 feet of the Subject Property.

F. *Setbacks:* The City acknowledges that the existing setbacks conform to City standards.

G. *Green space:* Given the constrained conditions of the Subject Property, landscaping shall be provided to the extent feasible within the existing front yard setback. The Subject Property cannot achieve the 20% green area required by the underlying zoning, but shall instead maintain the current green space provided as a minimum standard.

H. *Maximum Lot Coverage by Building:* The current lot coverage shall not be increased.

I. *Maximum Building Height:* The current building height may remain at the same height as a vested right; or a higher height as RAIT may apply for as may be allowed by law.

J. *Maximum North/South Width:* The City acknowledges that the locations of existing structures meet the minimum standards for north/south width.

K. *Visual Corridor/Breezeway:* A minimum visual corridor/breezeway equal to 20% (in lieu of the required 30%) of the Subject Property's length along State Road A1A shall be provided.

L. *Nonconforming Status:* The redevelopment and/or renovation of the existing structure are authorized by this Certificate and the fifty percent (50%) requirements of Section 14-11.3 of the Land Development Code are deemed satisfied or waived.

M. *No Loss of Vested Non-conformities.* By redeveloping the subject and the adjacent Sunny Shores sites as part of a unified plan, the Subject Property may maintain the existing vested non-conformities. The addition of additional adjacent property shall not require that the non-conformities of the Subject Property mitigated or resolved, if possible, on the adjacent property. Rather, the vested non-conformities shall be maintained.
